ORDER:

It has been represented to Government that the present policy of granting only a single licence to a dealer or firm is causing serious hardship to old and established dealers and business houses in the Province with branches in different districts. Now that the Provincial quotas of mill cloth and yarn have been increased it is considered that this policy requires revision.

In modification of the orders in paragraph 20 of G.O. No.4730 Development dated the 17th September 1948, the Government therefore direct that while licensing the additional dealers required,the Collectors should first licence all old dealers who are eligible and the vacancies, if any, left over should be filled up by dealers or firms who are already licensed elsewhere but who were having branches of their business in the district, holding independent licence during the previous control.
